WELCOME TO HUMIDITY HARMONY

Too Wet.

Excess moisture means mold, rot and ruined products.

Too Dry.

Arid air can turn pantry items stale or dry out rare cigars.

Just Right.

Integra's 2-way humidity control technology responds to the environment you place it in — either releasing or absorbing moisture as needed to ensure the optimal environment.

Our products are safe, non-toxic, FDA compliant and 100% salt-free.

The Benefits:

- Extend shelf-life
- Preserve product quality and integrity
- Protect from mold and rot
- BOOST® humidity to avoid over-drying

The Difference:

- Salt-free
- Non-toxic
- FDA-compliant and safe for food contact
- Biodegradable
- No chemical off-gas
- Plant-based solution
- Spill and tear-resistant
- Designed to grab excess moisture faster than other leading brands

Every Integra BOOST® pack includes a hands-free Replacement Indicator Card. When the dot on the card turns bright blue, it's time to replace. It's that simple.
