CULT® PIPE TOBACCO

Embassy Pipe Tobacco

A diplomatic masterpiece. This blend is the ideal compromise between an enjoyable room note, and real tobacco flavor. Burley, Virginia and black Cavendish are joined by just enough smoky Latakia to make this a tasty treat with a pleasant aroma.

- 50g. / 1.75 oz. tin
- Pack of 5

#PT-EMB

Anonymous Pipe Tobacco

Sometimes, simple and subtle is better, and Cult Anonymous is a perfect example. Rather than the typical mélange of tobaccos with excessive flavoring, Anonymous is made of nothing but high-quality, sweet, golden flue-cured tobaccos with a light and enjoyable hint of vanilla.

- 50g. / 1.75 oz. tin
- Pack of 5

#PT-ANON

Profile Pipe Tobacco

This combination of golden Virginia Cavendish with soft black Cavendish is finished with a subtle bit of vanilla and other flavors. The room note is really pleasant, but the flavor doesn't mask the taste of the tobacco. Upgrade your enjoyment by updating your profile.

- 50g. / 1.75 oz. tin
- Pack of 5

#PT-PRO

Militia Pipe Tobacco

A true American aromatic. Smooth Burley is joined by flake-cut yellow Virginia and a specially processed, slowly-steamed black Cavendish. The result is a cool-smoking blend with a smooth, sweet flavor, and a room note that will be a real crowd-pleaser.

- 50g. / 1.75 oz. tin
- Pack of 5

#PT-MILI

CULT® PIPE TOBACCO

Blood Red Moon Pipe Tobacco

This exceptionally gentle tobacco is a mixture of Burley, Virginia and black Cavendish with a soft, deep cherry flavor, made even rounder with a dark chocolate note and a hint of vanilla. If cherry blends of the past have soured you on trying a new one, you'll be sorry if you pass this one up!

- 50g. / 1.75 oz. tin
- Pack of 5

#PT-BRM

Ψ Cult

Conspiracy Pipe Tobacco

Premium golden Virginia and black Cavendish, made from specially selected Green River one-sucker Burley; combined with a modicum of rich, reddish Burley, and finished by the addition of rare smoky Cyprian Latakia. The addition of warm vanilla and a touch of clover honey combine to create a mellow sweetness with a slightly floral note.

- 50g. / 1.75 oz. tin
- Pack of 5

#PT-CON

Ψ Cult

Abacus Pipe Tobacco

Mild and smooth with just the right hint of mellow sweetness. Burley is combined with tasty golden Virginia and a special black Cavendish that's noted for its easy-smoking qualities. The mixture is then treated to elements of cocoa, warm vanilla and the essence of hazelnuts, applied with a light hand, for a soft, pleasant flavor.

- 50g. / 1.75 oz. tin
- Pack of 5

XIKAR® HUMIDIFICATION

XIKAR 2-Way Humidity Control provides hassle-free maintenance of full-size humidors and HumiStore® Bags. Within an enclosed container, XIKAR 2-Way Humidity Control monitors the ambient RH (relative humidity) and adds or removes moisture to maintain the specific RH engineered into the pack. Because it's impossible for XIKAR 2-Way Humidity Control to humidify beyond the RH on the pack, it's impossible to use "too much". Place Boveda packets inside your humidor to maintain a precise relative humidity.

High Performance Butane

Designed for use in high-altitudes where oxygen is less abundant. May also be used in low-altitudes. Over time, burner valves may clog, causing lower flame heights. This provides a boost to help clean out built-up impurities to achieve taller, stronger flames.
